Traditional knowledge and traditional cultural expressions need to get special attention from the Government of Indonesia in an effort to maintain and preserve the culture of the menjadikekayaan and noyang grandmothers characteristic of Indonesia or areas in Indonesia; given the proximity of the Indonesia culture with neighbouring countries (Malaysia) which opens the possibility of misunderstanding ownership.
Folklore can be meant as a wealth of traditions, literature, art, law, behavior, and what is born of Folk collectively. Folklor has a souls and belong together. Folklor is also an expression of the cultural communities (Endraswara, 2009:21).

Folklore can be a language of the people, the traditional expressions, the question of traditional folk, stories, poetry, prose, songs of folk, folk games, folk Theatre, folk dances, customs, ceremonies, parties, folk architecture, folk music, folk crafts (Danandjaja, 2007:22).

Thus it is understood that traditional game data gives a very good impact in helping to develop skills and social emotions.

Research on Lok-alok ever written by Mohammad Hefni, titled "in the oral tradition of Madura (Study Of Etnometodologis Upon The Traditions Of Lok-alok In Madura) and research on the Hermin Kusmayati and Suminto A Sayuti with title “The Existence Of The Oral Literature Mamac In Pamekasan, Madura”.

The influence of modern cultural currents carried quickly through social media make oral literature is no longer the pride of the community, because of the
threat that is so clearly as the above facts the existence of the oral literature of Madura, presumably there is very important a special study about the structure, function and value oral literature against developing in Sumenep Madura, such as syi’iran, mamaca, kejhung, lok alok, dhammong and children’s song titles: ti’ titti’ liya’ liyu’, cong-koncong konce, ra – ra kotana mera, ko – soko bucang, tong ta’etong, jang – kolajang, kertanongker and pa’ kopa’ eling and others.

ORAL LITERATURE IN SUMENEPE

There are 6 categories of oral literature, namely the people’s language, the traditional expressions, traditional questions, people's poetry and songs of the people, but in this study focus on the folk song which includes the 6 kinds of oral literature which exists in Sumenep such as syi’iran, mamaca, kejhung, lok-alok, dhammong, Ti’ titti’ liya liyu, Cong-koncong konce, Kotana mera, Ko-soko bucang, Tong-ta’etong, Jang-kolajang, Tan Pangantanan, Pesapean Pappa, Ker-Tanongker, and Pa’ Opa’ Eling / Pa’ Kopa’ Eling as representation of the game (song) a child who is still there.

1. Syi’iran

   a. Structure of the syi’ir

   Syi’ir is the type of poem that each stanza consists of four lines (rows) that ends with the same sound. Syi'ir is the expression of feelings or
thoughts of the creators are usually things that are long like other stories, advice, religion, love and others.

As for the syi’ir characteristics that set it apart with other oral literature is as follows:

1) Consists of four rows (lines) in each temple.
2) Poetic (rima) a-a-a-a
3) Have no sampiran (all lines contain the content and meaning)
4) Occurs at every beat of the middle line between four to six syllables.

Based on the results of observation and interviews, the situation along the Mr. Mansyur, obtained the data that there are five types of syi’ir that once existed in the Batu Putih Kenek and Juruan Daya such as syi’ir panji, syi’ir pangleburan (romantic), syi’ir kiasan, syi’ir history and syi’ir religions. But poetry is plentiful at this time and is done by Mr. Mansyur as perpetrators of the syi’ir culture is religion.

Syi’ir questions is as follows:

\[
\text{Nasebatta guru de’ ka santre}
\]

\[
\text{Tempo molang guru kaula adhebu} \# \text{senga’ ya kabbi mun ajar pagu-onggu}
\]

\[
\text{Pabajeng onggu amotla’ pangajaran} \# \text{je’ parlo agja’ ben je’ atokaran}
\]

Based on the understanding in the first line of “Tempo molang guru kaula adhebu” can we drop the notion that science can be acquired through learning activities. This means that there is no science that can be obtained with stagnant or in other words through inheritance from parents. This is in line with the Hadith of the Prophet which reads “\text{unbubul ilma walau bissyin}” (learn the science though the land of china)”. As for the mandate, nor the message the author is at the temple of the next “senga’ ya kabbi mun ajar pagu-onggu”. Through the temple author hinted to
the learn in earnest because the results of a study can be measured from how great and persistence in learning.

b. **Values and Functions is contained in the Syi’ir**

Among the values of the characters in question are as follows:

Almost all the songs were created through the prophetic value of macapat has vertical, or horizontal social values. Describing hablumminallah and hablumminannas, including the socio cultural background of its people.

Karena kejuuran Nabi Muhammad diberi pinjaman uang oleh Siti Khatijah untuk modal berdagang serta diberi kuda oleh Sultan Walid (bapak Siti Khatijah), dan disaat itu pula Nabi mulai gemar menggembala kambing.
Pangkur metrum above quote, from the characteristics of the text using the guru gatra because compromise in this metrum pangkur released a breath in tembang macapat/mamaca perform on each line. While the guru wilangan between 15 to 20 syllables of each gatra.
